#### Press release text area

For the moment, Sri Lanka is known primarily as a fabulous destination. Discovering the island's "cultural triangle" with LSR, the ancient capitals of Anuradhapura, Polonnaruwa and Kandy, as well as the Dambulla cave temple or colossal Sigiriya can be combined with attractive and original ideas (riding on an elephant, jungle trekking, picking tea, etc.). "We develop eco-tourism as much as possible to foster closer ties with the population", explains François Souman, LSR director for France. LSR is a tour operator founded in Sri Lanka in 1982.
